

# EECS MUSCAT 2026

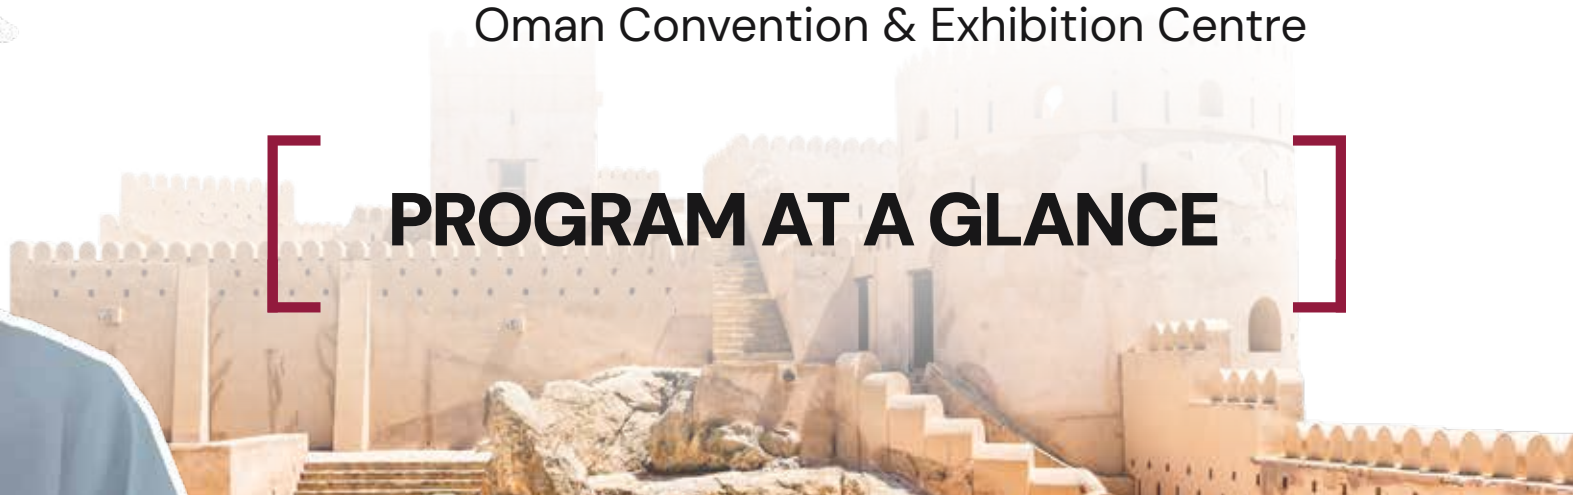

**Lateral & Anterior Skull Base Surgery,  
Hearing Implant & New Technologies**

**27–29 November 2026**

Oman Convention & Exhibition Centre

**PROGRAM AT A GLANCE**

**6th World Congress on Endoscopic Ear Surgery**

[www.eescongress2026.com](http://www.eescongress2026.com)

	HALL 1	HALL 2	HALL 3	HALL 4	HALL 5	HALL 6 AUDITORIUM	HALL 7
07:30 – 09:00	Closed	Closed	Closed	Closed	Closed	REGISTRATION	Registration Thyroid Master Class
09:00 – 10:30	Closed	Closed	Closed	Closed	Closed	KEYNOTE LECTURES	Updates on the latest ATA guidelines
10:30 – 11:20	Closed	Closed	Closed	Closed	Closed	OPENING CEREMONY	Closed
11:20 – 13:00	KEYNOTE LECTURE	KEYNOTE LECTURE	KEYNOTE LECTURE	KEYNOTE LECTURE	KEYNOTE LECTURE	Live Dissection: EES Transcanal endoscopic anatomy from EAC to IAC	KEYNOTE LECTURE
	Panel: Endoscopic Attic cholesteatoma surgery: a surgical dilemma	RT: Controversy in Skull Base Osteomyelitis: Operate or Not to operate?	RT: Revision stapes surgery: Experts experience	RT: Anterior Skull Base Malignancy	Neuroradiology Session-1: Neuroradiology of Anterior and Central Skull base		Role of interventional radiology in thyroid nodules  Approach to pediatric thyroid pathologies
14:00 – 16:00	KEYNOTE LECTURE	KEYNOTE LECTURE	KEYNOTE LECTURE	KEYNOTE LECTURE	KEYNOTE LECTURE	Live Dissection: LSB Exoscopic anatomy of the temporal bone and lateral skull base: part 1	KEYNOTE LECTURE
	RT: Scutum reconstruction in cholesteatoma surgery	RT: The small acoustic neuroma: multidisciplinary decision	Panel: Pediatric ME malformations: surgery or no surgery?	Panel: Tricky CSF leaks in anterior skull base	Neuroradiology Session-2: Imaging of the Temporal bone and middle ear for endoscopic and microscopic approaches		Multidisciplinary Round Table: Management of Cancer Thyroid
16:00 – 17:30	KEYNOTE LECTURE	KEYNOTE LECTURE	KEYNOTE LECTURE	KEYNOTE LECTURE	KEYNOTE LECTURE	Live Dissection: LSB Exoscopic anatomy of the temporal bone and lateral skull base: part 2	KEYNOTE LECTURE
	Panel: Ossiculoplasty: comparison between endoscopic & microscopic techniques	RT: Presenting cases and asking solution to a skull base board	Panel: Come and see Session: Scary cases in Otology	Panel: Pituitary Surgery	Neuroradiology Session-3: RT: Multidisciplinary Management of Advanced skull Base Pathologies including neurointervention		Surgeries, challenges & complications of thyroid surgeries

	HALL 1	HALL 2	HALL 3	HALL 4	HALL 5	HALL 6 AUDITORIUM	HALL 7
08:30 – 11:20	KEYNOTE LECTURE	KEYNOTE LECTURE	KEYNOTE LECTURE	KEYNOTE LECTURE	KEYNOTE LECTURE	Live Dissection: ASB Transnasal endoscopic antomy of ITF and petrous apex	Young otologist oral presentation competition
	Panel: Controversies in the Management of Temporal Bone Malignancy	Panel: Tricky CSF leaks: Lateral skull base	Panel: Difficult cases in cochlear implant	Proffered papers	Audio-Vestibular: RT: Multidisciplinary Neo-natal screening pathway to cochlear implant		
11:20 – 13:00	KEYNOTE LECTURE	KEYNOTE LECTURE	KEYNOTE LECTURE	KEYNOTE LECTURE	KEYNOTE LECTURE	KEYNOTE LECTURE	Young otologist oral presentation competition
	RT: Eustachian tube dysfunction: How to treat	Panel: Endoscopy in Lateral Skull Base	RT: Cochlear implant in malformed ear	Panel: Come and see: I never forget this scary case!	Audio-Vestibular: RT: Multidisciplinary Hearing rehabilitation & challenges post CI	RT: Endoscopic management of complex pediatric cholestatoma	
14:00 – 16:00	KEYNOTE LECTURE	KEYNOTE LECTURE	KEYNOTE LECTURE	KEYNOTE LECTURE	KEYNOTE LECTURE	KEYNOTE LECTURE	Proffered Papers / Videos
	RT: Genetic HL - Regenerative Surgery in Inner Ear	Panel: Petrous bone cholesteatoma: a surgical dilemma	RT: CI in acoustic neuroma surgery: Indications & results.	Panel: Surgery of anterior benign tumors	Audio-Vestibular: Approach to different vestibular syndromes	RT: Complications in Stapes Surgery: How to manage?	
16:00 – 17:30	KEYNOTE LECTURE	KEYNOTE LECTURE	KEYNOTE LECTURE	KEYNOTE LECTURE	KEYNOTE LECTURE	KEYNOTE LECTURE	Proffered Papers / Videos
	Panel: Genetic HL - Diagnosis and management	RT: The Modena Skull base Experience with Experts	RT: Management of Complication in Cochlear Implant Surgery: My experience	Panel: Anterior Approaches to Clivus and Posterior Fossa Tumors	Audio-Vestibular: Vestibular Rehabilitation after CI	RT: Endoscopic Eustachian Tube dilation: Indications and limitations	

	HALL 1	HALL 2	HALL 3	HALL 4	HALL 5	HALL 6 AUDITORIUM	HALL 7
08:30 – 11:20	KEYNOTE LECTURE  <b>Panel:</b> Endoscopic/microscopic Pediatric cholesteatoma: learning from clinical cases	KEYNOTE LECTURE  <b>Panel:</b> Infratemporal fossa tumors: Transnasal versus Transtemporal Approaches?	KEYNOTE LECTURE  <b>RT:</b> Revision Cochlear Implant Surgery	Proffered Papers / Videos	KEYNOTE LECTURE  <b>Speech Therapy Session:</b> Assessment & preparation of CI candidates	Closed	<b>Live Dissection:</b> ASB Anterior Skull Base approaches and exposure of the ICA
	KEYNOTE LECTURE  <b>Panel:</b> Difficult cases in stapes surgery: when it doesn't go straight	KEYNOTE LECTURE  <b>Panel:</b> Different surgical strategies in facial nerve tumors	KEYNOTE LECTURE  <b>Panel:</b> Totally Implantable Hearing Devices: Current Reality and Future Horizons		KEYNOTE LECTURE  <b>Speech Therapy Session:</b> Post CI rehabilitation & challenges		
11:20 – 13:00	KEYNOTE LECTURE  <b>Panel:</b> Difficult cases in stapes surgery: when it doesn't go straight	KEYNOTE LECTURE  <b>Panel:</b> Different surgical strategies in facial nerve tumors	KEYNOTE LECTURE  <b>Panel:</b> Totally Implantable Hearing Devices: Current Reality and Future Horizons	Proffered Papers / Videos	KEYNOTE LECTURE  <b>Speech Therapy Session:</b> Post CI rehabilitation & challenges	Closed	<b>Live Dissection:</b> EES Endoscopic Tympanoplasty and Scutum Reconstruction. Endoscopic Facial Nerve Surgery and Suprageniculate Approach.
	KEYNOTE LECTURE  <b>RT:</b> Challenges in endoscopic management of complex chronic ear disease	KEYNOTE LECTURE  <b>RT:</b> NF2 and Sporadic Acoustic neuroma: learning from clinical cases	KEYNOTE LECTURE  <b>Expert Group Highlight Session 1:</b> China Working group of Endoscopic Ear Surgery		KEYNOTE LECTURE  <b>Proffered Papers / Videos</b>		
14:00 – 16:00	KEYNOTE LECTURE  <b>RT:</b> Challenges in endoscopic management of complex chronic ear disease	KEYNOTE LECTURE  <b>RT:</b> NF2 and Sporadic Acoustic neuroma: learning from clinical cases	KEYNOTE LECTURE  <b>Expert Group Highlight Session 1:</b> China Working group of Endoscopic Ear Surgery	Proffered Papers / Videos	KEYNOTE LECTURE  <b>Proffered Papers / Videos</b>	Closed	<b>3D CINEMA</b>  1 - Endoscopic anatomy of middle ear 2 - Transpromontorial approach 3D 3 - Subtotal petrosectomy/ Transotic/ transcochlear approach 3D 4 - Infratemporal fossa approaches 3D 5 - Transnasal Anterior endoscopic skull base Approaches 3D 6 - Middle cranial fossa 3D
	KEYNOTE LECTURE  <b>RT:</b> Recurrent cholesteatoma: A Difficult decision	KEYNOTE LECTURE  <b>RT:</b> Multidisciplinary session: Meckel's cave pathologies: Diagnosis and management	KEYNOTE LECTURE  <b>Expert Group Highlight Session 2:</b> Pan African Endoscopic Ear Surgery Federation (PAEESF)		KEYNOTE LECTURE  <b>Proffered Papers / Videos</b>		
16:00 – 17:30	KEYNOTE LECTURE  <b>RT:</b> Recurrent cholesteatoma: A Difficult decision	KEYNOTE LECTURE  <b>RT:</b> Multidisciplinary session: Meckel's cave pathologies: Diagnosis and management	KEYNOTE LECTURE  <b>Expert Group Highlight Session 2:</b> Pan African Endoscopic Ear Surgery Federation (PAEESF)	Proffered Papers / Videos	Proffered Papers / Videos	Closed	
17:30 – 18:00	ADJURN & CLOSING REMARKS
